Notes:

1. Include all other Income, such as absorption account surpluses (for example plant and labour absorption accounts).
2. State the gross cost of undertaking minor capital works that have not been capitalised and the annual depreciation charges of all major schemes that have been capitalised. You should also include a fair proportion of the support costs directly associated with delivery of the schemes.
3. State the total precept demanded for the year as properly issued by the Environment Agency, in accordance with section 141 of the Water Resources Act 1991. Providing that the precept has been properly issued as before stated it should always be included here, even when the Board has appealed against the amount of contribution, in accordance with section 140 of the Water Resources Act 1991. Where the Board knows with certainty the outcome of any such appeal, it should also include the appropriate accrual/prepayment.
4. State all costs associated with the maintenance of watercourses, meaning work associated with open channels, pipelines, culverts, bridges, etc. Plant, vehicle and labour charges should include a fair proportion of the overheads such as depot/workshop costs, employment on-costs, insurances and depreciation, etc. You should also include a fair proportion of the support costs directly associated with delivery of the maintenance programme.
5. State all costs associated with maintaining and operating the pumping stations, sluices and water level control structures. Plant, vehicle and labour charges should include a fair proportion of the overheads such as depot/workshop costs, employment on-costs, insurances and depreciation, etc. You should also include a fair proportion of the support costs directly associated with maintaining and operating the pumping stations, sluices and water level control structures.
6. Include the cost of non-technical staff only, office accommodation, annual depreciation of office equipment that has been capitalised, minor office equipment that has not been capitalised, postages, telecoms', stationery, printing, advertising, auditing of accounts, general insurances and all other costs associated with supporting the organisation. Please note that this does not include support costs, which are directly associated with the delivery of front line services.
7. State all costs associated with undertaking work for third parties. Plant, vehicle and labour charges should include a fair proportion of the overheads such as depot/workshop costs, employment on-costs, insurances and depreciation, etc. You should also include a fair proportion of the support costs directly associated with undertaking the rechargeable work.
8. Include the cost of servicing any borrowing, in terms of bank/loan/hire purchase Interest payable.
9. State all costs associated with undertaking works – capital or maintenance – specifically for helping to achieve favourable condition on Sites of Special Scientific Interest (SSSIs). In most cases, these costs will be incurred in implementing actions set out in SSSI Water Level Management Plans or SSSI River Restoration Plans.
10. State all costs associated with undertaking works – capital or maintenance – that are intended to help conserve biodiversity (other than works on SSSIs). These costs are likely to be incurred in implementing actions set out in an IDB's Biodiversity Action Plan, but may include other activities.
11. Include all other expenditure, such as a provision for bad/doubtful debts, write-offs, and absorption account deficits (for example plant and labour absorption accounts).

Section B – Defra high level target and IDB Review Reporting

This section relates to the Board's achievement of High Level Targets (HLTs) issued by Defra in March 2005, including information required by the Environment Agency as a result of the targets or in relation to their general supervisory duty. Only those HLTs relevant to IDBs are covered below. This section also allows for reporting on IDB Review Targets.

HLT 1 – Policy Delivery Statement

Boards were required to produce a publicly available policy statement by 31 March 2001 setting out their plans for delivering the Government's policy aims and objectives. The full range of issues to be covered was set out in a template issued in June 2000. It is recommended that these statements be published on Boards' websites where they have them and reviewed every three years.

Is an up to date statement in place and copy (or weblink)

provided to Defra, EA and CLG?.....Yes ☐ No ☒

If 'NO', please say why not and when the statement will be produced/revised:

Currently unable to reconcile local CFMP, Somerset 20 year flood action plan and national FCERM Strategy for England to produce a consistent approach that can supersede the current policy delivery statement.

HLT 2 – Information on the National Flood and Coastal Defence Database

The IDB Review Project Board and the Environment Agency have agreed the means to allow data to be stored on the National Flood and Coastal Defence Database or equivalent systems. Boards are required to report on their asset holding and asset condition at the end of 2007/08.
