SOMERSET DRAINAGE BOARDS CONSORTIUM

Notes to the accounts

Year ended 31 March 2022

1. PRINCIPAL ACCOUNTING POLICIES

a. Accounting Convention

The accounts have been prepared under the historical cost convention and the Governance and Accountability for Smaller Authorities in England (March 2016)

b. Fixed Assets

All expenditure on the acquisition, creation or enhancement of fixed assets is reported in the notes to the accounts, provided that the fixed asset yields benefit to the Consortium and the services it provides for a period of more than one year.

In accordance with the Guide, assets financed using governments grants are shown net of any grant used for the purchase.

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Computer and software	25% per annum straight line
Office furniture & equipment	25% per annum reducing balance
General equipment	25% per annum straight line

c. Debtors and Creditors

The Revenue Accounts of the Consortium are maintained on an accruals basis in accordance with the Guide. Therefore, sums due to or from the Consortium during the year are included whether or not the cash has actually been received or paid in the year. This policy is applied consistently each year.

d. Leases

The Consortium has no commitments under finance leases. Rentals payable under operating leases are charged to the revenue on an accruals basis.

e. Reserves

The Consortium currently has no reserve as the reserves built up in previous years has been distributed to the members who helped to build them. Any surplus or deficit in the year is written off to the member boards at the end of the year in the proportions set out in the agreement under which the Consortium was formed.

f. Interest Income

Interest receipts are credited to the revenue account, except for interest accruing on amounts held for the member boards which is added to amounts owed to the boards and includes within current liabilities.

g. Pensions

The pension costs that are charged to the Consortium's revenue account in respect of its employees are equal to the contributions paid to the Local Government Pension Scheme for those employees.

These contributions are determined by the fund's actuary on a triennial basis and are set to meet 100% of the liabilities of the pension fund, in accordance with relevant Government regulations.

The Pension Fund is administered by Peninsula Pensions on behalf of Somerset County Council.
