
Environmental Impact Assessment (Land Drainage Improvement Works) (Amendment) Regulations 2017 (No.585)

Axe Brue Internal Drainage Board

NOTICE IS HEREBY GIVEN that the Axe Brue IDB proposes to increase the capacity of 3 culverts on Vole Rd, Mark, Somerset (TA9 4PD) to improve water level management and reduce flood risk. The Board has determined that these works are unlikely to have significant adverse effects on the environment and therefore does not intend to prepare an Environmental Statement in respect of the proposal. An Environmental Impact Assessment report and location plan are available for inspection at the address below. Any person wishing to make representations in relation to the likely environmental effects of these works may do so by writing to the address below within twenty-eight days of the publication of this notice.

Signed: Iain Sturdy - Clerk to the Board

Address: 33-34 Bradbury House, Highbridge, Somerset, TA9 3BW

Dated: 19/07/2024
